

3 Tips for Standard Screening

TIP 1

Follow the **3-1-1 liquids rule**:

- **3.4** ounces or less per container
- **1** quart size, clear, plastic, zip top bag (all liquids must fit in bag)
- **1** bag per passenger

TIP 2

Remove personal **electronic devices larger than a cell phone** from your carry-on bag and place them into a bin with nothing placed on or under them.

Consider removing **food** from your carry-on bag and placing it in a bin.

Removing food is not a requirement, but doing so may help the bag check process.

TIP 3

Check for **prohibited items**.

A TSA officer will be available to guide you through the process.
